

# The San Francisco Standard

## PRESIDENTIAL DEBATE DRINKING BINGO

Longwinded yarn involving shark attacks or solar-powered boats	Candidate audibly breaks wind	"Look, folks..."	One president calls other president a fascist dictator. (Two vodka shots)	Candidate told three times by moderator his time is up, just keeps talking.
Any shout-out to San Francisco or Oakland whatsoever, no matter how negative (two shots)	"Would you shut up, man!"	Reference to something no one born after 1959 will get	Cringe mid-debate tweet from SF elected official	Biden loses train of thought, changes subject to choo-choo trains
"Greatest economy ever, until Covid..."	Heated yet barely audible protest from outraged RFK Jr. supporters	<b>FREE</b> (*indexed to inflation)	"As my dad used to say, 'Joey...'"	Trump blurts out identity of VP pick
"Wind turbines kill birds." "Wind turbines give you cancer." "The Chinese use wind turbines to control our thoughts"	Grim Reaper observed sharpening scythe on grindstone during commercial break	"Convicted felon"	Cheap attack on Hunter Biden inadvertently underscores what an absolute badass he is	"Russia never would have done it if I was president..."
Either candidate completely freezes for full three seconds	Biden addresses CNN's Jake Tapper as "Walter," "Dan," "Tom" or "my good friend Peter Jennings"	Trump menacingly approaches Biden podium during rebuttal. Biden notices, or doesn't	Candidate offers moderators Werther's Original or starlight mint	"No, YOU tried to ban TikTok"
